GOD SAVE THE KING.

Ratiſbon, April 13. This day the three colleges of the empire reſolved, to leave the deciſion of the affair of Eaſt Frieſland to the emperor and the Aulic council.

Kingſton, in Jamaica, May 12. We have certain advice, via Hiſpaniola, that the king of Spain has publiſhed an edict, commanding all the French merchants ſettled in Old-Spain, to depart thence under pain of a large taxation.

Monſieur de la Motte, general and commander in chief of Hiſpaniola, is ſoon to leave that Iſland, another being already arrived to ſucceed him.

Monſieur Fonſan, commander of one of their Guarda Coſtas, has lately taken and brought in there, two veſſels from North-America, he detected trading, who were immediately condemned. Two of the three merchants lately confined at Hiſpaniola, for countenancing the Engliſh trade, have received ſentence to have their goods alſo confiſcated, and they to be ſent, by the firſt opportunity, to the gallies. They are daily expecting a rupture with Spain, inſomuch that moſt of the veſſels there are daily ſailing, and others attempting to go half loaded. The French at Leogane are almoſt retired to Port-Prince, which they have ſtrongly fortified.

Boſton, July 2. We have advice from Halifax, of the arrival of the Torrington man of war, and the Vulture and Waſp Sloops of war from England; as alſo a Snow and Brigt. from London, and a Bregt. from Newcaſtle.

We are likewiſe inform'd, that about 1500 people, chiefly Germans, had gone from Halifax, and have made a ſettlement at a place about 20 leagues from thence called Mallagaſh, now named Lunenburg; and had built a block-houſe, and almoſt piqueted round the town when the veſſel came away.

Philadelphia, July 5. Friday laſt arrived here Capt. Lownes from Antigua, who touch'd at Bermuda, where he receiv'd certain intelligence, that the French had taken poſſeſſion of Turks-Iſland, the Grand Caicos, Anneago, Maguanna, &c. in the Windward Paſſage: That they had ordered ſeveral Bermudians, and other veſſels, that were there a ſalting and wrecking, immediately to go off, and not to return again; pretending they had got a right to theſe Iſlands from the Spaniards.

Philadelphia, July 12. By the laſt veſſel from Jamaica, there is advice that the iſland was very ſickly, and markets exceeding low.

New York, July 16. *Extract of a letter from a gentleman in Bermuda, dated June* 29. "——Several of our veſſels have lately been driven from the Caico's, by the French, who pretend to take poſſeſſion of the ſame in right of a reſignation from the crown of Spain to the king of France, and are reſolved to make prize of all veſſels they meet with trading thither. They have likewiſe taken poſſeſſion of Turks Iſlands, turn'd the people off, and are about erecting light-houſes at each of the keys, and to ſettle them, with a company of ſoldiers at each place.—Our laſt letters from England, intimate, that our government affairs were not then determined; and that it was uncertain whether governor Popple would return here or not—Our country is almoſt ruin'd for want of regulations."

GOD SAVE THE KING.

Ratisbon, April 13. This day the three colleges of the empire resolved, to leave the decision of the affair of East Friesland to the emperor and the Aulic council.

Kingston, in Jamaica, May 12. We have certain advice, via Hispaniola, that the king of Spain has published an edict, commanding all the French merchants settled in Old-Spain, to depart thence under pain of a large taxation.

Philadelphia, July 12. By the last vessel from Jamaica, there is advice that the island was very sickly, and markets exceeding low.

SUPPLEMENT to the *SOUTH-CAROLINA* GAZETTE.

Auguſt 15th, 1753. [Numb. 1000.]

CRACOVIA, (in *Poland*) *May* 8.

THE 6000 Janiſſaries which the Porte lately ordered to Oczakow (in order, as was pretended, to curb the rebellious Tartars in theſe quarters) have been ſince followed by a number much more conſiderable, and we juſt now hear, that another numerous corps is marching the ſame way. Theſe motions, joined to the great warlike preparations making in the Crimea, occaſion much ſpeculation.

We have advice from the Ruſſian Ukraine, that the court was immediately expected there from Moſcow, and that the Empreſs had given orders for defiling an army of between 40 and 50,000 men to the frontiers of that province.

Madrid, *May* 1. The king has given orders for a new augmentation in his troops, altho' they are at preſent on the ſame footing as at the concluſion of the peace; and beſides the camp of 30,000 men which is to be formed in Catalonia, another of 15,000 is talked of, which the Marquis de las Minas has orders to aſſemble in the neighbourhood of Barcelona.

Ratiſbon, *May* 13. The emperor has ratified the reſolution of the colleges of the dyet concerning the ſucceſſion of Eaſt Friſeland.

London, *May* 26. Yeſterday it was rumour'd thro'out the city, that on Thurſday night laſt there was a very great alarm at the tower, occaſioned by a ſmoak being diſcovered coming from under the door of the magazine, on which orders were given for the door to be opened; when 'tis ſaid a match was found burning. The guards were immediately doubled, and inquiry is making into the affair.

We hear that three of the ſmall Sloops of war fitting out are intended for America, for the protection of the Britiſh veſſels, trading to and from the Bays of Honduras and Campeachy.

We hear that the India company will the enſuing ſeaſon take up eighteen ſhips into their ſervice.

Two men of war, one of 40, the other of 20 guns, are fitting out, to relieve two others in the Weſt Indies.
